

ENABLING ONE-TO-ONE COMPUTING FOR STUDENTS AND EDUCATORS

ThinkPad 11e Series are MIL-SPEC tested with the same build quality as larger ThinkPad models. These mini versions are perfect for student and teacher use.

ThinkPad 11e (5th Gen)

Thin and light yet reinforced to withstand the rigorous environments associated with schools. From bookbags to buses to desks, these devices will just keep on going. An optional touchscreen promotes interactive learning, and there's battery life that will last all day.

REASONS TO BUY

Built for the classroom; ports are reinforced with rubber bumpers to protect against damage to corners. The water-resistant keyboard has mechanically-anchored keys to prevent restless fingers from prying them off. Built to withstand drops from the height of a school desk.

With up to 12 hours of battery life it will last an entire day and can be placed on a charging trolley in the classroom or taken home by students.

Weighing just 1.36kg (2.99lbs), it's light enough and small enough to be used by students of all ages.
