

Designed for business.

Boost productivity with Chromebook versatility and ThinkPad® performance.

The ThinkPad® 13 Chromebook combines the speed and simplicity of the Chrome operating system with a high-performance Lenovo notebook. It's 19.8mm thin and weighs just 3.2lbs, yet can tackle the toughest tasks – thanks to an Intel Core i CPUs and up to 8GB of memory. With its legendary ThinkPad® keyboard, 13.3" FHD IPS display* and a 10-hour battery life, you can work comfortably all day. This workhorse has passed 20 MIL-STD ruggedness tests so you can confidently take it anywhere.

WHY YOU SHOULD BUY THE LENOVO™ THINKPAD® 13 CHROMEBOOK

Versatile Chromebook

13.3" HD and FHD IPS display, up to Core i5 processors, up to 8GB memory and up to 32 GB SSD

Ready for any business or school

Lay Flat Hinges, ThinkPad® Keyboard. Easy to deploy and manage users, devices and apps with Google's web-based Management Console.

Designed for mobility and productivity

Only 3.2lbs (1.4 kg), with 10-hour battery life, 2 USB-C and 2 full-size USB ports. Leverage Google's wide ecosystem to access thousands of work and play applications.

Durable and secure

Passed 20 MIL-STD tests, verified boot, encrypted local storage. Automatic updates and built-in virus protection with Chrome OS.

THE LENOVO™ THINKPAD® 13 CHROMEBOOK IS BEST SUITED FOR

1 Businesses and universities already using Google Apps for Work to increase productivity and collaboration.

2 Businesses looking for the fastest and simplest way to manage and deploy PCs. Chromebooks are always centrally updated, never need anti-virus, and offer complete administrative control with the Chrome Management console.

3 Anyone who wants to go from boot up to productive in an instant, accesses and syncs data across the cloud and expects their system and OS to be lightning fast, always up-to-date and secure.

WHAT'S IN A THINKPAD®

- 1 The gold standard in reliability since 1992
- 2 Premium materials and layers of reinforcement
- 3 Award winning ergonomic keyboard
- 4 Form factors for all needs
- 5 Purposeful design details

¹ Battery life (and recharge times) will vary based on many factors including system settings and usage. A description of the environment under which the test was performed is available upon request.

RECOMMENDED SERVICES

Lenovo offers a comprehensive portfolio of services to support and protect your ThinkPad™ investment. Succeed with substance and let Lenovo™ Service support you all the way.

PRIORITY TECHNICAL SUPPORT²

Makes your priority, our priority. 24 x 7 priority call routing to advanced-level technicians, electronic incident tracking and escalation management services.

WARRANTY UPGRADES – ON-SITE AND NEXT BUSINESS DAY

Maximizes PC uptime and productivity by providing convenient, fast, repair service at your place of business.

WARRANTY EXTENSIONS (1-5 YEARS TOTAL DURATION)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and lower the cost of ownership over time.

ACCIDENTAL DAMAGE PROTECTION

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

KEEP YOUR DRIVE

Retain your drive if it should happen to fail, giving you the peace of mind to know that your valuable data is secure.

ASSET TAGGING

Systems come equipped with a professional, flexible asset tag based on your exact specifications. PCs are easily identifiable and trackable right out of the box.

² Not available in all regions.
