

ideacentre AIO T540 GAMING

A FORCE TO BREAK THE BOUNDARY.

The Lenovo® IdeaCentre™ T540 Gaming is a powerful contemporary desktop that offers the best of two worlds—gaming and mainstream family use—and looks great in your home. Powered by the latest Intel® Core™ processor, NVIDIA® gaming-grade graphics, and fast DDR4 memory and PCIe SSD storage, it's up to the task of having fun—and will immerse you in it.

WHY YOU SHOULD BUY LENOVO IDEACENTRE T540 GAMING

We've redefined "Power"

Unlike other family-use desktop towers, the IdeaCentre T540 Gaming was designed to meet the higher performance standards that gaming places on a PC's central and graphics processors. At its heart are the powerful Intel® Core™ processor and up to NVIDIA® GeForce® GTX 1660 Ti discrete graphics, boosting performance and bringing you superfast, smooth, power-efficient gameplay and hassle-free multitasking.

Intelligent thermal system keeps cool and quiet

Enjoy more efficient cooling and minimal noise with this rig's optimized thermal design. While some desktops merely dissipate heat, the T540 Gaming pulls in cool air at the same time, ensuring its system temperature is reduced even during a marathon gaming session. And it has a smart thermal sensor built-in, to detect ambient temperature and automatically adjust its cooling level.

Lenovo™

Ready for anything

T540 Gaming is not only a high performance gaming machine, but also features up to 2 TB HDD large storage and 1 TB SSD dual storage for you to keep all your media in one place. With up to 16 GB Intel Optane memory, you could enjoy big storage without sacrificing speed! Thanks to its four USB 3.1 ports, four USB 2.0 ports, HDMI™ port and 7-in-1 card reader, you can connect just about any peripheral you need.

Looks great, too

The 15 liter T540 Gaming was designed with a slim, compact footprint and a contemporary style of its own. Its eye-catching Mineral Grey chassis has a unique triangle texture on the front panel, while its blue lighting effects give it a signature look.

LENOVO SERVICES

Warranty Upgrades - On-site / In-Home Service

Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

Accidental Damage Protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

Warranty Extensions (1-to-3 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
