# Lenovo 100e 2nd Gen (AMD)

If you're looking for an affordable laptop that's engineered specifically for students and educators, this 11.6" mini Windows laptop powered by the new AMD 3000 series mobile processors is a great choice. Its rugged build means it can withstand the rigors of the classroom. Its battery lasts the entire school day, and its connectivity features make collaboration smoother than ever.

## ENABLING ONE-TO-ONE COMPUTING FOR STUDENTS AND EDUCATORS

Lenovo Mini Series are smaller notebooks for classroom use; they are tested to destruction, easy to manage and affordable.

## REASONS TO BUY

Durable enough to withstand even the school day: from bus ride to the classroom, field trip and beyond. It passes 16 MIL-STD 810G tests, boasts reinforced ports and hinges and a semi-rugged design, and has a spill-proof keyboard with peel-resistant keys.

To ensure that learning never stops or slows down, these PCs come with a battery designed to power students through the whole school day on a single charge and can recharge quickly when needed.

Collaboration is a breeze thanks to an array of ports including USB-C, USB 3.0, Bluetooth, optional HDMI and even a Micro SD card reader. There's also an HD camera – useful for class projects.
