

LENOVO™ L27i-28

MAKING ENTERTAINMENT AESTHETIC

MONITORS THAT MAKE VISUALS COME ALIVE

The Lenovo™ L27i-28 is an economical, high-performance monitor specifically created to cater to your entertainment needs. With a 27-inch full-HD In-Plane Switching display and a wide viewing angle, enjoy watching videos with crystal-clear detail and vivid colors. The excellent display performance and functions also elevate your gaming experience.

With the bezel width (side) being just 2mm, the NearEdgeless full-HD IPS display offers an effective solution for a multi-display connection, enabling a seamless visual experience. The FreeSync™ technology by AMD prevents screen tearing and stutters, providing smooth gaming experience. The multiple ports include VGA and HDMI that lets you expand your capabilities. Choose where you want your monitor, on a tilt-stand or on the wall. Eye Comfort certification by TÜV ensures these displays are easy on the eyes, allowing you to play much more.

FEATURES OF LENOVO™ L27i-28

Uncompromised Viewing Experience

The large and vivid 27-inch NearEdgeless full-HD In-Plane Switching display with 1920 x 1080 resolution ensures perfect visual clarity so that you can thoroughly enjoy gaming or watching videos. The 178°/178° viewing angle enables maximum viewing experience without color distortion.

For Optimized Gaming Experience

The Lenovo™ L27i-28 is engineered with gamers in mind. The display's 4ms response time along with FreeSync™ technology by AMD, minimize motion blur, and eliminate streaking and ghosting, for a smooth gaming interaction.

Use it How You Want

Thanks to the quick release tilt stand, it becomes easy to setup and manage the L27i-28 monitor. Along with VGA and HDMI support, connect to the audio devices with the audio-out jack to broaden your creative senses. Eye Comfort certification by TÜV ensures your eyes don't strain, no matter which angle you are looking at it from.
