

POWER-PACKED FOR THE MODERN WORKFORCE

Lenovo

Powerful, responsive, and reliable, the Lenovo V30a-22 All-in-One (AIO) is an excellent choice for businesses. Powered by the latest up to 10th Generation Intel® Core™ i5 Processor, the V30a-22 is ideal for regular office tasks. This desktop has speakers with a Voice Control capability that facilitates efficient and seamless conferencing by detecting single and multiple users on call.

This AIO is a perfect blend of form and function, thanks to its 21.5-inch borderless touchscreen* monitor with ultra-thin bezels that offer more screen real estate.

Lenovo V30a-22IML AIO

Lenovo V30a-22IML AIO

ITDM Benefits

Improved Ergonomics

The V30a-22 AIO's ergonomic stand with tilt and swivel functions allows the monitor to be adjusted to the most comfortable position; VESA compatible, the device can also be mounted on a wall. Ultra-Low Noise and Low Blue Light certifications ensure productive hours with minimal fatigue.

Powerful Security

Protects critical business data in three ways—opt to disable the camera and USB ports within the BIOS, securely and easily erase the device's data, and restrict access to the HDD via a password.

Versatile Connectivity

Packed with a range of ports such as USB 2.0, USB 3.1 Gen2, HDMI, and audio jack, users can share data and multitask effortlessly by connecting to external peripherals.

Impressive Performance: with up to 10th Generation Intel® Core™ i5 Processor, PCIe SSD* with dual drive* (combination of one SSD and one HDD) storage, the V30a-22 AIO offers incredible performance. Modern Standby alerts users on email updates or VoIP calls even when the PC is inactive.

Robust Security: the V30a-22 has a built-in safety mechanism that covers the camera, protecting user privacy through a dedicated camera shutter and ensuring uncompromised webcam privacy when not in use.

Convenient Design: engineered to make work effortless for modern businesses, the V30a-22 has Ultra Low Noise and Low Blue Light certifications to ensure employees can work long hours without strain and fatigue. Its slim and easy-to-use stand with tilt and swivel functionality allows the AIO to be adjusted as per user comfort.

Enhanced User Experience: built with a 21.5-inch Full-HD anti-glare touchscreen* display, it makes working long hours comfortable. The Smart Conference feature filters out background noise and picks up the user's voice from any direction. Cortana and Alexa voice assistants add to its modern user experience.
