

Legion Y27h-30 Monitor

Gaming or hybrid work - master it all.

A display of clarity, power, and speed.

The feature-rich Legion Y27h-30 Monitor is designed to be a portal to your gaming universe. Prepare for breath-taking gaming spectacles with a 27-inch In-Plane Switching screen that seamlessly accommodates your viewing field. Feel the adrenaline rush as the QHD (2560 x 1440) high-resolution display coupled with an extreme 180Hz¹ overclocked refresh rate and super low 0.5ms MPRT² response time renders fast moving visuals with surprising clarity so you can react faster and strike first. The monitor comes preloaded with Adaptive Sync and AMD FreeSync™ Premium³ technologies so you experience smoother, fluid gameplay without screen tearing and stuttering. The Legion Y27h-30 Monitor supports 126% sRGB color area ratio, 95% DCI-P3 color gamut, and Avg. Delta E<2, perfectly complemented by DisplayHDR™ 400 to reproduce strikingly life-like imagery and strikingly clear details. Universal connectivity with a USB Type-C⁴ port allows you to connect and display your PC, phone or other devices and charge them simultaneously them via 75W power delivery⁵. Enjoy prolonged gaming sessions without straining your eyes with the screen's built in Natural Low Blue Light technology that protects your eyes while retaining color fidelity. Lenovo Artery Software⁶ keeps pace with its range of smart features to optimize your experience. Get the Legion Y27h-30 Monitor today and relish a heart-thumping gaming experience.

Features of Legion Y27h-30 Monitor

Winning display.

Don't miss any action on the game field with the Legion Y27h-30's 27-inch QHD (2560 x 1440) resolution screen. With an overclocked refresh rate of 180Hz¹ and 0.5ms MPRT² response time, eliminate stuttering and ghosting so you catch every twist and turn in the game. The monitor comes preloaded with Adaptive Sync and AMD FreeSync™ Premium³ technologies sync the monitor's refresh rates with the GPU's output frame rates making sure your input and the resulting action on the screen happen almost simultaneously. It also means that you experience smoother, fluid gameplay without screen tearing and stuttering.

See clearly. Strike accurately.

Gamers, content creators, video editors, and designers will love the colors and clarity the Legion Y27h-30 Monitor offers. The monitor's 126% sRGB color area ratio with 95% DCI-P3 color gamut helps you see gaming scenes with outstanding color accuracy and clarity. Its In-Plane Switching technology ensures vivid colors no matter which angle you view it from. It comes with DisplayHDR™ 400 support that renders bright and dark parts more pronounced in HDR-capable games and video, to deliver realistic visuals with deeper colors, shadows, and silhouettes that effortlessly draw you into every scene. In-built Natural Low Blue Light technology reduces harmful blue light emissions so you can binge on gaming without visual strain.

Play comfortably, win comfortably.

Fast and powerful, the USB Type-C⁴ port lets you charge-up and transfer data swiftly, also allows for great video output. It also helps enhance your productivity by allowing you to connect and easily switch between computers, phones, and tablets. The Legion Y27h-30 Monitor's ergonomic stand makes room for enhanced user comfort with its lift, tilt, pivot, and swivel functions. It also has a phone holder that keeps your phone in sight and off your desk. Two built-in 3W speakers elevate your audio-visual experience. The HDMI 2.0 and DP 1.4 connection ports establish faster connections. Lenovo Artery Software⁶ delivers built-in gaming tools like gaming dashboard, show frame rate, show timer, show aim point, and shortcut key settings, with the ability to set different user profiles for different functions.

¹ Overclocking at 180Hz is based on laboratory test data, and this function may cause irregularities in the display. | ² Moving Picture Response Time (MPRT) improves the response time and reduces motion blur in the monitor. Enabling MPRT will disable AMD FreeSync™ Premium technology, and you may notice a negligible flicker. | ³ AMD FreeSync™ Premium technology only can work with AMD Radeon™ series graphics card. | ⁴ USB Type-C® and USB-C® are registered trademarks of USB Implementers Forum. | ⁵ Listed as maximum capacity of power delivery. Actual capacity of power delivery may vary depending upon devices connected or monitor configuration, and may decline with downstream USB ports connected or higher brightness setting | ⁶ This software can only be used with Windows 10 & Windows 11.
