A VISION FOR PRODUCTIVITY

The TIOGen3 is Eye Comfort-certified to protect vision and maintain eye health. With a low-blue-light, anti-glare screen, users experience less eye fatigue, fewer headaches, and less blurred vision.

OPTIONS & ACCESSORIES

Lenovo Professional Wireless Keyboard and Mouse Combo (4X30H56796)

Sleek and stylish, this full-size keyboard and mouse combo offers exceptional quality in a modern wireless solution. The slim three-zone keyboard with number pad has responsive, quiet keys and provides a premium typing experience. One-touch dedicated media keys put the controls you use most at your fingertips. The ergonomic full-size mouse provides comfort and support for all-day use.

Lenovo Secure Desktop Drive (4XB0M13805)

With keypad PIN authentication and military-grade encryption, this drive eliminates the threat of data breach when data is being transferred. With 8TB of additional hard drive storage, all of your innovative ideas stay securely yours.

Lenovo Stereo Headset (4XD0K25031)

Headsets in the office are a key part of the modern workday, with VOIP calls replacing traditional phone service and saving companies on big telecom costs. This headset has a comfort-fit mono or stereo design, adjustable headband, and Boom Arm with 180-degree microphone.

RECOMMENDED SERVICES

Lenovo™ offers a comprehensive portfolio of services to support and protect your ThinkCentre® investment—so you can focus on your business, not your IT.

Premier Support

Bypass phone menus and scripted troubleshooting to access advanced-level technicians with the expertise needed to quickly diagnose and solve problems.

Warranty Upgrades

Warranty upgrades enable customers to vary response time and level of service to match critical support needs and can be purchased at the time of the hardware purchase or within the term of initial base warranty coverage.

Drop-in-the-Box

Before your product leaves the factory, Lenovo can insert custom documentation into each system box-shipped. This could be a greeting to the end user, or Drop-in-the-Box can be used to provide deployment instructions for the users to deploy their own systems.
