ThinkPad E595

This laptop delivers ThinkPad performance at a price optimized for almost any budget. With the AMD Ryzen™ processor it can handle day-to-day tasks with ease. Optional dual drive support allows users to balance high-capacity HDD storage with the speed of an SSD enabling files and applications to open faster. Up to 10 hours of battery removes the need for constant recharging when on the move.

BUSINESS DEVICES THAT ARE A CLASS APART

REASONS TO BUY

Optional WVA display with anti-glare ensures exceptional viewing clarity in all work environments whether it is indoors or outdoors, while a large touchpad makes it easier to navigate documents and web pages without a mouse.

Features a uniquely designed backlit keyboard with minimal gap between the keys and the keyboard frame to effectively minimize dust build-up that may otherwise affect device performance over time.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

The entry-level ThinkPad, E Series features the famous keyboard and trackpoint, and is MIL-SPEC tested ensuring the build quality for which ThinkPad is renowned.
