

BRINGING VISION TO LIFE

The ThinkVision P32u-10 monitor combines phenomenal visuals and effortless connectivity for powerful performance and precise viewing. From color-centric tasks such as graphic design and photo retouching to displaying detailed content for users like financial analysts, scientists, and researchers, this monitor delivers with utmost precision. What's more, with intuitive connectivity enabled by the Thunderbolt™ 3 port, it can daisy chain two 4K monitors for smooth multitasking and an unmatched viewing experience.

4K Resolution

PROFESSIONAL-GRADE COLOR ACCURACY

Experience detailed and natural visuals as the 10-bit color depth offers over 1 billion colors with the 99.5% Adobe RGB color gamut. Also, the multiple color spaces on this monitor cater to the specific needs of various professionals. Colors are pre-calibrated from the factory, to an average of delta E<2. This feature helps industrial designers, graphic designers, and editors effectively work on color-critical tasks like video editing and color correction.

Additionally, with ThinkColor software, you can easily select and edit colors for various scenarios. You can also choose between multiple color spaces or tune the color with real-time preview.

CONNECTIVITY REDEFINED

Transferring data, watching videos, or charging devices on this monitor is as effortless as it could be. The intuitive Thunderbolt™ 3 port enables a one-cable connection to all the peripherals you need.

This port helps boost your productivity, and lets you explore more ways to work efficiently. Collaborate easily with lightning-fast data transfers, or daisy chain two independent 4K displays when you need to multitask.

INCREDIBLE CLARITY FOR PRECISE VIEWING

This NearEdgeless 32-inch monitor is ideal for big data analysts and CAD designers who require bigger displays to view complex data or create highly detailed content. Also, for a great visual experience and consistent clarity from all angles, it features a 4K display that boasts a resolution of 3840 x 2160 pixels.

BRINGING COMFORT TO WORK

The ergonomic full-function stand allows you to position the monitor in any way that suits your working style or posture with lift, tilt, pivot, and swivel. Also, the anti-glare display allows you to work seamlessly even under glaring office lights. This feature is apt for video editors and designers who often spend long hours on their monitors.
