

YOGA SLIM 7 (13")

POWERFUL. RESPONSIVE. UNTETHERED.

Meet the Lenovo™ Yoga™ Slim 7 (13"), featuring AMD Ryzen™ 5000 Series Mobile Processors for the powerhouse combination of performance, responsiveness, battery life and stunning visuals. Delivering truly immersive entertainment, it boasts a range of smart features designed to help you make the most of every day. Co-engineered with AMD to provide the ultimate experience, anywhere.

WHY YOU SHOULD BUY THE LENOVO YOGA SLIM 7 (13")

Sleek & portable

Sandblasted and anodized for a sophisticated finish, the all-metal Yoga Slim 7 is available in classic Iron Grey and Light Silver. Featuring an incredibly sleek profile, its edges are curved and angled; with a rounder back edge for comfortable holding. In order to achieve a profile as thin as 13.8 mm, we included a specially designed keyboard with dome keypads that offer a more satisfying typing experience despite its shallow height. A smaller hinge also contributes to a thinner, lighter design that weighs in at only 1 kg.

Mobile entertainment

The Yoga Slim 7 (13") delivers incredible QHD visuals optimized with Dolby Vision®, integrated AMD Radeon™ Graphics and 91% screen ratio. Combined with the powerful sound of Dolby Atmos®-optimized Harman Kardon® speakers, it's a mobile entertainment hub.

Smart privacy in public

Your privacy's important when you're in public areas. Stay secure with attention sensors that issue a Privacy Alert when someone's shoulder-surfing, and automatically log you out when you leave, ensuring your work stays private.

Smarter than ever

The Yoga Slim 7 (13") optimizes your time and effort with a range of AI-powered smart features. Get started faster than ever by simply opening your lid, combined with hands-free facial recognition login. Enjoy an incredible battery life, thanks to Intelligent Cooling that optimizes performance based on your needs—and when you're running low, rapid charging will give you a boost to stay moving. Stay secure with attention sensors that issue a Privacy Alert when someone's shoulder-surfing, and automatically log you out when you leave, ensuring your work stays private. And in select markets, you'll also be able to speak to voice assistant Alexa, now featuring an improved UI and expanded features.

SUPREME PERFORMANCE. INFINITE POSSIBILITIES.

Create. Play. Work. Educate. Entertain. The possibilities are infinite. Be anywhere, go anywhere. AMD Ryzen™ 5000 Series Mobile Processors offer supreme performance, astonishing battery life, and modern features you need on-the-go. Experience the responsiveness of the most advanced notebook processor technology in the world* with up to 8 ultra-fast cores.

* As of December 2020, the Ryzen 5000 series mobile processors are the "Most advanced/powerful mobile processors," defined as the highest-performing single-thread and multi-thread performance available on x86 mobile processors enabled by superior 7nm manufacturing technology on a small node. CZM-26.

- Microsoft Office 2019
- McAfee® LiveSafe™
- Dolby Vision®
- Alexa²

¹ All battery life claims are approximate and based on two methods of testing: MobileMark® 2018 battery life benchmark and continuous 1080p video playback on the latest update of Windows 10 (with 150 nits brightness and default volume level). Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use.

² Available in select regions.

³ Lenovo Smart Assist: Smart Display (Glance notifies you when someone's reading over your shoulder); Smart Player (video pauses when you walk away); ITS 4.0 (Q-Control) battery optimization; Flip to Boot.

⁴ The actual transfer speed of the USB 3.2 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, will be slower than a speed of 20 (Gbit/s).

LENOVO SERVICES

Warranty Upgrades - On-site / In-Home Service

Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

Accidental Damage Protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

Warranty Extensions (1-to-3 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
