The maximum capacity of the battery will decrease with time and use.

² Local video playback @ FHD 150 nits.

³ Available in select regions.

⁴ Lenovo Smart Assist: Smart Display (Glance notifies you when someone's reading over your shoulder); Smart Player (video pauses when you walk away); ITS 4.0 (Q-Control) battery optimization; instant bootup.

⁵ The actual transfer speed of the USB 3.2 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, will be slower than a speed of 20 Gbit/s.
