

ideacentre AIO 5i (24" & 27")

MODERN DESIGN, FUTURE-ORIENTED PERFORMANCE.

Inspired by the great outdoors, the eye-catching Lenovo™ IdeaCentre™ AIO 5i takes its cue from the mighty Cypress tree. Perfectly balanced and durable without sacrificing an ounce of performance with 10th generation Intel® Core™ i7 processor, this all-in-one PC represents an appealing addition to any home.

WHY YOU SHOULD BUY LENOVO IDEACENTRE AIO 5I (24" & 27")

Packs a big punch in a small frame

Designed to handle heavy workloads and render quickly, IdeaCentre AIO 5i is powered by an up to 10th generation Intel® Core™ i7 processor, which effortlessly handles your most demanding software and programs. This means less idle time and more creativity and productivity time.

Great to look at; better to watch with

With an up to 93% screen-to-body ratio and thin, narrow bezels, IdeaCentre AIO 5i puts up fewer visual distractions and more screen real estate than a regular display. A QHD resolution model is also available to further enhance your viewing experience.

Audio that leaves you breathless

A truly immersive audio experience awaits. On top of certified JBL® speakers by Harman®, Dolby® premium sound, two 3W tweeters and one 5W woofer sync together to deliver powerful, crystal-clear, rich audio every time you crank it up.

Do more, with less effort

IdeaCentre AIO 5i capabilities are world-class. Built into the base of the stand are wireless charging technologies that let users recharge their phones by placing them on top of the base, without needing to plug-in any cables. Your time's important, as is your privacy. That's why the IR camera and Windows Hello feature lets you login quickly, easily and securely - all you need to do is, smile. The TrueBlock Privacy Shutter also lets you block the webcam whenever you like.

¹ Optional.

² The actual transfer speed of the USB 3.1 Gen 1 will vary and, depending on many factors, such as the processing capability of host and peripheral devices, file attributes and other factors related to system configuration and your operating environments, will be slower than a speed of 5 Gbit/s.

³ Not available in China, India, nor Japan.

⁴ US, UK and Germany only.

LENOVO SERVICES

Warranty Upgrades - On-site /

In-Home Service

Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

Accidental Damage Protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

Warranty Extensions

(1-to-3 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.

* Specification and configuration may vary by different platform and model.

* Example of Lenovo catalogue naming convention
